**2005 Amapola Creek
Cabernet Sauvignon
Estate Vineyard**

Another stunner is the 2005 Cabernet Sauvignon Estate. This is certainly in keeping with my vintage notes for the retrospective I did of the 2005 vintage for Bordeaux varietals in Northern California in Issue 219. A beautiful wine with sweet black and red currant fruit, licorice and graphite, the wine is big, full-bodied, yet at the same time, pure, elegant, and vigorously fresh and lively. This is a savory wine that builds incrementally on the palate and finishes splendidly. It should drink well for at least another 15-20 years.
